For further explanation of the amendment format required by 37 CFR 1.121, see MPEP § 714.

**TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:**

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 1(c) Other:

Firstly, the applicants are cordially thanked for the 'Response to Notice of Non-Compliant Amendment' filed 8 March 2007. However, at least one seemingly non-compliant amendment has been discovered in the aforementioned response, requiring attention before examination may continue.

37 C.F.R. § 1.121(b)(1)(ii) requires, "The full text of any replacement paragraph with markings to show all the changes relative to the previous version of the paragraph. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strikethrough cannot be easily perceived."

The 'Response to Notice of Non-Compliant Amendment' filed 8 March 2007 improperly amends at least "Japanese Patent Application Laid-open Publication No. 5-188395" (see Page 28, Line 14 of the originally submitted specification) to "Japanese Patent Application Laid-open Publication No. 188395" (see Page 2 of the 'Response to Notice of Non-Compliant Amendment' filed 8 March 2007) without providing any marked-up text to show the change. The applicants are respectfully encouraged to use the appropriate markings to show the alteration of any subject matter in the specification.

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The amendments have not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent amendment, yet another Notice of Non-Compliant Amendment will be necessitated. Applicants' cooperation is requested in correcting any other errors of which applicants may become aware.
